

A high-angle, wide shot of a bustling outdoor market in an African city. The market is filled with numerous stalls and shops, many of which have makeshift roofs made of corrugated metal and tires. The stalls are densely packed with various goods, including clothing, fabrics, and household items. A large crowd of people, including men, women, and children, is seen walking through the market, some carrying items on their heads or backs. In the background, there are multi-story buildings, some with balconies and air conditioning units. The overall atmosphere is one of a vibrant, active marketplace.
